

AQUA MAX

SUPER CONCENTRATED

Natural Wetting Agent

CONTAINS NATURAL
HUMECTANTS

APPLICATIONS AND USES

Golf Clubs
Turf Farms
Broad Acre Agriculture
Bowling Greens
Gardens and Nurseries
Parks and Sporting Fields
Landscaping

- Aids water absorption in water repellent or hydrophobic soils
- Improves soil water holding capacity
- Promotes deeper root system and healthy growth
- Specially formulated concentrate for use in problem areas where deep penetration into the soil profile is required
- Improves soil structure
- Increases the effectiveness of fertilisers and herbicides to reduce turf maintenance costs
- Prevents compaction, winter freezing and summer scald
- Water saving formula eliminates most run-off and dry spot
- Utilises all available moisture to reduce watering
- Highly efficient without the build up of soil depleting chemicals

QUALITY CONTROL:
