NETT CONTENTS:

DIRECTIONS FOR USE:

Broad Acre Application

Apply 1 tonne Eco Ammend-Z over 1 hectare of turf or crops.

Turf Renovation and Re-construction

Apply 25kg of Eco Ammend-Z per 100sq metres down core holes.

Greens Construction

Blend 4-8% Eco Ammend-Z in top 100mm sand.

For Garden Beds

Apply a rate of 10kg per 100 square metres. Dig into soil profile.

For Planting Trees and Shrubs

Blend 20% Eco Ammend-Z with 80% soil, dig hole for plant then fill in with blend.

**ECO
AMMEND-Z™**

ORGANIC SOIL ENHANCER

**Recommended for construction, renovation
and repair of fine turf, sporting fields, golf
clubs, bowling greens, nurseries, gardens,
council parks and fields.**

**Promotes healthy growth, helps build
proper soil structure, reduces water
usage and increases nutrient
availability.**

Granular water saver and fertiliser.
Holds nutrients and water at the root
zone.

99% water retention efficiency rating.

Reduces water usage.

Contains beneficial soil and plant
protecting microbes.

Boosts organic capacity in depleted soils.
Suited for turf, general ornamental shrub,
